ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

The little son of Mitchell Benway of Hinesburg got hold of some Paris green Saturday and ate some. Dr. Larner was called and gave the child an emetic and saved his life.

A dead buck deer was found on the rocks at the foot of the falls at Fairfax last week, having been brought down during the high water. Game Warden Samuel T. Cilley was notified and took charge and disposed of it.

Some of the older members of the Poyal Arcum in Montpelier are surrendering their policies in that order since the rates of assessment have been made. One man, who had paid in nearly \$800 in assessments, gave up his policy yesterday.

During the year 1904-05 the Bristol railroad carried 19,351 passengers as against 19,837 the year previous. The number of pounds of freight received during the two years was 13,054,637, and 13,991,545 respectively; pounds shipped 4,956,866 and 5,795,000; \$9,500 were paid for labor and salaries.

A suit for \$2,500 has been brought against Harry Prouty of Grafton, by M. E. White, of Wardsboro, who alleges that Prouty alienated the affections of the plaintiff's wife, Nellie C. White. Mrs. White furnished bail for the respondent for the amount of the suit.

While bathing at Starr Farm Beach Sunday, E. W. Cooney of Burlington had a narrow escape from drowning. He swam out beyond his depth and was seized with a cramp. He called for help but at first those on shore thought he was in fun. His shouts continuing, four boats went to his rescue and he was brought ashore. No serious results followed.

Another fire, clearly incendiary origin was started near midnight Saturday night, against the side of Hutton's blacksmith shop on Catherine street in St. Albans. The fire was started in a pile of shavings and refuse against the side of the building and was discovered and put out by the man living up stairs, who happened to be up and around on account of a painful felon on his finger.

Three young cattle belonging to Mrs. M. M. Reynolds, of Cambridge, pastured on the Stinson farm at Pleasant valley, died recently from the effects of black leg. At the time of their death the cause was not known, but Doctor Stevenson, of Morrisville, who was called to look into the matter, pronounced the disease black leg. The animals were burned to prevent further spread of the disease.

It is definitely stated that the electric railroad proposed between Bennington and North Adams, Mass., will not be built this fall, as was intended, but work will be begun early next spring and will be completed for summer traffic. The projectors of the road have had difficulty with land owners in Pownall and justifying claims and the land needed has been condemned by the state railroad commissioners. Such delay was caused by condemnation proceedings that the directors thought it wise to postpone all work until next year.

Young Girl Stole From Money Drawer. A young girl who gave her name as Louise Forgett, and her home as Burlington, although claiming that her parents were living in Gouverneur, N. Y., went into O. C. W. Taylor's laundry at Malone, N. Y., a few days ago for a parcel she had there and while there helped herself to the contents of the money drawer. She was placed under arrest, admitted the act, and turned over \$16.43 taken to the officer. Friends came to her rescue and she was allowed to leave town by paying certain costs incurred.

Largest Hay Crop in Caledonia County. Manager Story of the farm of E. & T. Fairbanks & Co. of St. Johnsbury, finished having last week and will store in the five barns of the corporation over 50 tons of the best hay harvested. This is somewhat larger than last year's harvest and Mr. Story considers it a good average crop. A force of fourteen men has been busy for the past six weeks. The big barns of Fairbanks village are filled clear to the ridge poles and Mr. Story has secured enough hay to feed one hundred head of stock until next season. The land was highly cultivated and some of the meadows along the Seep's river yielded three tons to the acre. The record will be increased by the rosen crop and it is believed this farm cuts the largest amount of hay in Caledonia county.

Pancho's feathers are said to bring ill-luck. The origin of this tradition is interesting. It is found in Palgrave's work on central and east Arabia, where the traveler says that, according to Mohammed tradition, the peacock opened the vicket of paradise to admit the devil, and receive a very ample share of the devil's own punishment.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a cancer eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—It's the germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

NOT SEEKING IT

Says Gov. Gell Is Not After a Renomination.

Friends of Gov. Charles J. Bell, says a White River Junction despatch to the St. Albans Messenger, make no secret of the governor's own frank declaration to them that he is not, has not been, and will not be a candidate for renomination for the governorship, and that he is in no wise connected with any political combination to put a candidate in the field against Fletcher D. Proctor or anybody else if any such combination actually exists.

Of course, Governor Bell is not unmindful of the proprieties of his official station, and is not to be reckoned upon either one way or the other in the coming campaign, anyway. One of his friends is authority for the statement that the governor would have made some public announcement of this fact in the press but that he was unwilling to rush into print to deny what was on the face of it plainly enough to thoughtful men nothing but a ridiculous rumor.

It is the air, too, as coming from reliable sources, that Dr. W. Seaward Webb will not be a candidate for the Republican nomination for the governorship next year, and it appears that present-day plans of the politicians do not reckon upon the doctor as a probability in the canvass.

HE WAS THREATENED.

Selectman Houghton of North Bennington in Danger.

The attack on Selectman Charles H. Houghton of North Bennington last Wednesday night appears to have been a part of a deeper scheme than the public has been aware of.

It has come to light that a threatening letter had been received by Mr. Houghton warning him that he was in danger, and declaring that his brother would have the store to look after alone. It is rumored that Mr. Houghton thinks he knows who wrote the letter but does not say. The police officers made a search Thursday for Mr. Houghton's assailants but it was so long after the attack that the trail was cold and they found nothing.

Peculiar Disappearance.

J. D. Runyan of Buttrickville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at the Red Cross Pharmacy and Parlor Drug Store. Price 25c.
